Important information on disputed transactions:

- As per VISA guidelines, all card holders should provide a duly filled in Cardholder Dispute Form (CDF) mentioning the details of the disputed transaction which will enable/authorize the bank to investigate with the respective Merchant/Member Bank. Please get in touch with us through the support section on the Scapia app.
- Transaction dispute needs to be reported in writing within 60 days from the statement date in which the said transaction appears.
- When a dispute is raised for a transaction, depending on the nature of the dispute, a temporary credit to the extent of the amount disputed may be given and an investigation is initiated. This temporary credit will nullify the effect of the disputed transaction on the total outstanding. This is to ensure that you are not adversely impacted during the period of investigation.
- Based on the outcome of the investigation, the temporary credit may be made permanent resulting in no liability from your end for the transaction or reversed, wherein the amount under dispute will be debited to your account and payable by you. We will contact you with details, if the temporary credit given to the card account is reversed.
